President's Message

As we celebrate our 25th anniversary, it is with deep gratitude and pride that I reflect on the journey of the Tallmadge Foundation. For the past 25 years, the Foundation has been a cornerstone within the community to help foster, enhance and support educational, cultural and recreational enrichment for the community of Tallmadge. It was founded to provide a vehicle to fund programs and projects where initiatives would come from community-based civic organizations, the local schools, local government and even individuals.

For the 25th anniversary, we wanted to do something special to celebrate this milestone. First, we set a lofty goal of raising \$25,000 in unrestricted donations and holding an event that highlighted the past success of 25 years. At the beginning of the year, what felt like an insurmountable task, turned out to be a success. I am happy to report that we have **exceeded** our fundraising goal, and we have a packed house for our annual meeting. This couldn't have been done without the countless hours of volunteers and the many donors who stepped up to make this year a success. For that, I want to **thank** every one of you that made these goals successful. But the real measure of success is the continued funding of our scholarships, community events, and grants to the schools that help shape our community in a positive way.

As we look to the next 25 years, we remain committed to our mission and to our community. I feel that the organization has been energized by the support of the community of our donors and volunteers. I know there are many challenges ahead, but we also know that with the same spirit of collaboration, innovation, and dedication that has defined our first quarter-century, we can continue to make a lasting impact.

Thank you for being part of this extraordinary journey. **Let's keep moving this organization forward.** If we keep doing that, I guarantee our success over the next 25 years will be just as great, if not better, as our last 25 years.

"After investing a year's worth of research and dialogue, the School Community Relations Board, a 25-member school advisory committee, gave birth to the Tallmadge Education and Community Enrichment Foundation. SCRБ developed a mission statement, wrote the by-laws, incorporated the Foundation and identified Trustees. With the groundwork established, SCRБ handed over operations of the Foundation to a 24-member Board of Trustees.

Trustees make all decisions regarding fundraising and allocations of funds. The Foundation operates independently of the Board of Education and/or the school district. However, as in other communities with similar foundations, the school district's students and staff can tap into the foundation's resources to enrich the learning environment.

Karl Starks, a former Tallmadge Board of Education member and long-time Tallmadge resident, was elected president of the Foundation. Serving on the Executive Committee with him were Pam Loughry, vice-president, Ann Otto, secretary and Gene Stalnaker, treasurer. Committee chairpersons were Dr. William Pakan, public information, John Wray and Kevin Thompson, Finance, Valorie Prulhiere, fundraising and Christopher Bauch, allocations.

The other members of the Foundation included Dr. James Noonan, Howard Atwood, Dr. Jeffrey Bachtel, Edward Siciliano, Daisy Scalia, Thomas Bierce, David Bierce, Margaret Bumpas, Fred Greich, Dale Leppo, Deborah Mosholder, Barbara Mattern, Linda Sasanecki, Patrick Wack, and Jan Williamson."

Grant Summary from Tallmadge Elementary School

Grant Summary: Safe and Supportive Classrooms – Tallmadge Elementary, Winter 2025

Tallmadge Elementary extends its sincere appreciation to the Tallmadge Foundation for funding the Safe and Supportive Classrooms initiative. This grant strengthened our ability to provide tiered social-emotional learning (SEL) supports that help students build self-regulation, problem-solving, and healthy relationship skills.

Use of Funds:

Grant dollars equipped classrooms and the Rebound Room with calming centers, sensory tools, Conscious Discipline materials, SEL trade books, and interactive games for targeted skill building. Staff also received professional development from Akron Children's Hospital, Child Guidance & Family Solutions, and the BRIC program to ensure consistent, effective implementation.

Impact:

Students are demonstrating measurable gains in self-control, focus, and communication. Teachers report smoother transitions, stronger classroom relationships, and fewer behavioral incidents. The Rebound Room remains a highly effective Tier 2 intervention space, supporting students as they regulate, reflect, and return to learning ready to succeed.

Sustainability:

The materials and training made possible by the Foundation have created long-term value. These supports will continue to be maintained through school and district resources, with a plan to expand SEL tools and professional development across all K–5 classrooms over the next two years.
